SUMMARY

Full Stack Software Developer — With extensive experience in both front-end and back-end development, I specialize in building full-fledged, user-friendly web applications that prioritize **exceptional user experiences**. My primary focus is to create scalable solutions that engage users, increase traffic, and drive business growth by leveraging modern frameworks and technologies. With a strong foundation in **UI/UX design**, I ensure every interaction is intuitive, responsive, and visually appealing, while keeping performance and scalability at the forefront. I am driven by the mission to **attract and retain users**, ensuring seamless engagement and high conversion rates for the websites and applications I develop.

SKILLS

Languages

C/C++   JavaScript   TypeScript   MySql   SQL

Technologies & Tools

MongoDB   React.js   Node.js   Express.js   Postman   OOPs   Docker   Tailwind CSS   Next.js

Github   JWT

PROJECTS

Victor
📍 Online
🔗 https://victor-jatinmehta.vercel.app/
Thought-to-Reality Platform
- Introduced a platform that allows users to freely express and share their ideas with the world.
- This initiative fosters creativity and facilitates open communication among users.

Docplatter
📍 online
🔗 https://docplatter-jatinmehta.vercel.app/
Patient Diet & Detail Management application
- Developed a web application to manage patient details and prescribe personalized diet plans based on individual health conditions, medical histories, and nutritional needs, ensuring effective dietary tracking and management.
- The application also allows healthcare professionals to track patient progress, update diet plans, and generate reports based on patient health data for better decision-making.

PORTFOLIO
📍 Online
🔗 https://portfolio-jatinmehta.vercel.app/
Responsive portfolio website for personal branding
- Developed a responsive portfolio website showcasing personal projects and skills.
- Used React to develop interactive components, ensuring a smooth and seamless user experience.

Alabay
📍 Online
🔗 https://alibay-jatinmehta.vercel.app/
Improving user engagement with an intuitive design
- Created a responsive web application using React, improving user engagement through an intuitive UI and UX design.
- Developed several components to enhance navigation and improve the overall user experience.
